

HI GROWTH INVESTMENTS

Finance

Offering a complete package to our investors, of course includes a reliable and professional source of finance. Working closely with our partners gives you great access to finance in Turkey, with the ease and piece of mind of dealing with a UK based firm.

Having a mortgage on a property not only offers you a great way to increase your purchasing power but also gives you further proof of the quality of the actual property itself.

Like here in the UK the banks will value the property before issuing any mortgage, they will check the construction quality and will also have checked the planning consent to give you and them complete satisfaction.

Remember you can arrange your finance before looking for property, therefore saving time, as you will know exactly what you can borrow and afford.

Standard mortgage details are as follows

- 5/10/15/20 year terms available (you must be no older than 70 at end of term)
- Amazing fixed rate of 6.9% for the duration of the term
- Offers guaranteed for 4/6/18 months
- Mortgages available offer several properties at once
- Up to 65% LTV (in some cases may be higher)
- Re-mortgaging of existing property also available.

Mortgage offers are subject to status and banks will look for proof of income and address before making any decision.

So, don't delay contact us today and we will be more than happy get you talking directly to a qualified mortgage advisor.
